

## Memorandum

---

To PHC Research Community  
From PHCRI Research Facilitation Office  
Date March 31, 2020  
Re. Research Day and Research & Mission Award

---

Dear PHC Researchers, Staff, Trainees and Students:

Due to the ongoing COVID-19 pandemic, we have made the decision to cancel 2020 Research Day and postpone the announcement of the 2020 Research & Mission Award. Although registration for Research Day had not yet opened, it was scheduled for June 5.

As you have likely heard, PHC has similarly cancelled its Long Service & Mission Awards Gala, which was scheduled for May 29, and has postponed the announcement of its suite of 2020 Mission Awards.

We would like to thank those who submitted nominations for this year's Research & Mission Award. Rest assured we will keep these nominations on file and we look forward to announcing a winner as soon as we are able.

Celebrating our people and their many achievements is very important to us. We hope to reschedule Research Day, or a similar version of this annual event, when it is safe to do so. Please stay tuned for updates.

If you have any questions or concerns about the above, please contact [research@providencehealth.bc.ca](mailto:research@providencehealth.bc.ca).

Visit PHC's [COVID-19 website](#) for the most up-to-date information concerning staff, medical staff, researchers and volunteers.
