April 21, 1000 – 1400
April 23, 1000 – 1400

Room 1500, Level 1-Providence Bldg, SPH

- Expect to spend 10-15 minutes in a one-on-one session with an instructor, including modelling donning and doffing of PPE.
- As of March 25, PPE must be worn by all staff working in direct patient care, including surgical masks, eye protection and gloves.
- For patients on droplet precautions, staff must also wear a yellow protective gown, tied at top and bottom, when providing care.
