

COVID-19: NEW RESTRICTIONS ON CARE PACKAGES

PHC understands you want to send care packages to your loved ones. At this time, it is not safe for you, our patients or our staff for you to come into the hospital. However you can bring the following items to be given to your loved one:

- Sealed and packaged store-bought food.
- Home cooked food that does not require refrigeration (please note that dishes and cutlery will not be returned).
- Books and magazines.
- Toiletries and clothing.

Here's what you need to know:

| | | |
|--|---|---|
|  |  |  |
| <p>1. Bring your items to the front entrance of the hospital. A greeter will meet you to examine these items.</p> | <p>2. If acceptable, you will be given a clear plastic bag and a name tag. Transfer your items into the bag and label the tag with the name and room number of your loved one.</p> | <p>3. Our greeters will then deliver your items at the end of their shift.</p> |

Please be careful and clean your items before bringing them to the hospital as COVID-19 may exist on packages for hours.
